RAMI ALSHALABI
SOFTWARE ENGINEER

E-mail — Ramipro.ac@gmail.com   ●   Phone — +996700866664

SUMMARY

Software engineering student specializing in web development. Improving skills in building scalable and efficient applications. Open to internships, collaborations, and freelance work.

WORK EXPERIENCE

Aug 2024 - Present — Frontend Developer, Add Technologies

Mar 2024 - Sep 2024 — Private Teacher (Mentor), PROGKIDS

As a private teacher, I taught children various programming and game development skills, including Python, web development, Roblox, and Figma, along with essential computer basics. Additionally, I strengthened my soft skills by adapting my teaching style to meet each student's needs, providing clear guidance, and managing diverse learning situations effectively.

Mar 2023 - Sep 2023 — Front-End dev, Solid Devs

Project: Solid-Home
About: A site for buying, renting and selling real estate in Kyrgyzstan
Status: Terminated
Team Size: 1-TL 2BE 2FE 2Design
Project Role: Front-End developer
Environment: TypeScript, Axios, Git, Python, Swager, React.js, Redux etc.

Project: Solid practicum
About: Website for internship system
Status: Done
Team Size: 2FE 1Design
Project Role: Front-End developer
Environment: JavaScript, Git, React.js, Three.js, Tailwind.

Skills and Awards

- Languages: JavaScript, TypeScript, php, python

- Languages: JavaScript, TypeScript

- Technologies and Frameworks: React(next.js)(tailwindcss) / Redux(toolkit) / node(express.js) / Laravel / CI/CD pipelines with GitHub Runners / SQL & NoSQL / Docker

- Version Control Systems: Git / GitHub / Gitlab / GitFlow

- IDEs: VS Code(primary), WebStorme, VS

- Methodologies: Scrum / Kanban

- Soft Skills: Communication / Teamwork / Problem-Solving / Adaptability / Time Management / Attention to Details / Critical Thinking / Creativity / Conflict Resolution / Customer Focus / Leadership

EDUCATION

Software Engineer (SE) — Sep,2021 - Present

Institution: Kyrgyz State Technical University
Degree (Diploma): 2021 - 2025 (B.S. SE)

Front-End Development (FE) — Sep 2022 - Mar 2023

Institution: Solid Academy
Degree: Practical Course with certification
Key Accomplishments:
- Acquired proficiency in modern front-end technologies such as HTML5, CSS3, JavaScript
- Developed responsive and user-friendly web interfaces, applying best practices for cross-browser compatibility and accessibility.
- Implemented interactive features using React.js, Redux, TS
- Applied design principles and UI/UX concepts to create visually appealing and intuitive web applications.
- Completed practical projects that showcase my ability to translate design mockups into functional, pixel-perfect web pages.
- Collaborated in team-based coding projects, enhancing my skills in version control, code review, and teamwork.

CERTIFICATES

Meta(Coursera) | Advanced MySQL Topics

Google(Coursera) | Computer Networking

Google(Coursera) | System Administration and IT Infrastructure Services
